

## CELL HYDRATION RENEWAL SALTS

ITEM # 200600

**Key ingredients: Dead Sea Salts, Propylene Glycol, Lemon and Cucumber Extracts**

### USES

- *With Cell Preparation Cleansing Gel in a warm bath to cleanse, exfoliate, hydrate and firm the body's skin.*
- *In a warm bath/spa tub to help soften, soothe and tone the skin prior to using Nouveau's Cell Regenerating Firming Lotion.*
- *Soothe tired achy muscles*
- *Promotes relaxation*
- *As a pampering foot soak prior to a pedicure.*
- *As a hand soak to soften and hydrate cuticles before a manicure.*

### PRODUCT DESCRIPTION

Nouveau's Cell Hydration Renewal Salts combine advanced skin care technology with aromatherapy. Designed to help invigorate your senses and pamper the body, these salts transform your bath into an oasis of renewal for mind and body.

**Dead Sea Salts** remineralize the skin with essential ingredients like sodium and magnesium, helping to increase moisture absorption and preserve the skin's elasticity for younger looking skin.

**Propylene Glycol** help infuse moisture to condition, nourish and soften the body's skin.

**Lemon and Cucumber extract** naturally nourish and sooth the body while the delightful essences offer enhanced aromatherapy benefits.

Men, women and children can benefit from the hydrating, toning and refreshing effects of these therapeutic bath salts.

### APPLICATION

Add one to two tablespoons of salts into warm bath or foot tub. Soak in salts for up to 30 minutes.

Towel dry and apply Nouveau's Cell Regenerating Firming Lotion daily for total skin wellness and cellular restoration.

For optimum benefits repeat one to two times a week.
