- *Diminish the appearance of fine lines and wrinkles*
- *Renew damaged skin*
- *Improve skin's firmness and elasticity*
- *Reduce puffiness under eyes*
- *Rejuvenate the skin*
- *Maintain a youthful appearance*

PRODUCT DESCRIPTION

Nouveau's Cell Rejuvenation Serum renews damaged skin. Its ingredients are clinically proven to increase collagen production, shrink pores, diminish fine lines and wrinkles, reduce under eye puffiness and increase the skin's thickness and density, while also dramatically tightening and firming the neck, eyelids, and facial muscles.

The AHA acids (Glycolic and Alpha Lipoic) increase the rate of exfoliation in the skin naturally, causing younger, fresher cells to rise to the surface. The Centella Asiatica extract penetrates the skin - stimulating it to produce more of the protein that turns into collagen. Collagen is the material that supports the skin at its deepest level. When there is not enough new collagen being produced, wrinkles will form. It is scientifically blended to stimulate your skin and maximize its natural ability to regenerate itself.

APPLICATION

For maximum benefits, cleanse with Nouveau's Cell Preparation Cleansing Gel prior to using Nouveau's Cell Rejuvenation Serum.

After cleansing, dispense 2 - 3 pumps of Cell Rejuvenation Serum onto the back of your hand. Using your ring finger, gently apply the serum to upper and lower eye lids, face, neck and chest twice daily.

It may also be applied to lips for a superior "lip plumper". Follow with Nouveau's Cell A.M./P.M. Hydration Crème.

INGREDIENTS:

Purified Water, Glycolic Acid, Pentylene Glycol, Aloe Barbadensis leaf juice, Centella Asiatica Extract, Algae Extract, Hydroxyethylcellulose, Alpha-Lipoic Acid, Tocopherol (Vit. E), Echinacea Purpurea Extract (Coneflower), DMAE, Triethanolamine, Artemisia Vulgaris (Mugwort) Extract, Tetrasodium EDTA, Methúylparaben, Butylene Glycol, Citrus Aurantium Bergamia Extract, Iodopropynyl Butylcarbamate, Polysorbate 20, Diazolidinyl Urea, FD&C Blue #1, FD&C Yellow # 5
