Nouveau's

## DEEP WRINKLE THERAPY 0.3 FL.OZ. (10 ML)

### USE DEEP WRINKLE THERAPY TO:

- Significantly reduce the signs of aging
- Visibly diminish the size and depth of deep-set wrinkles
- Fill in deep lines on the face and neck
- Improve skin's firmness and elasticity
- Tighten up sagging skin
- Restore volume to the face
- Rejuvenate, nourish and hydrate the skin
- Regain and retain a more youthful appearance

### HOW IT WORKS:

As our body ages, the protein cells that kept our skin smooth, soft and supple start to diminish. Instead of feeding our skin cells, they divert to protect and nourish our body's vital organs. Nouveau's scientifically advanced Deep Wrinkle Therapy was developed to address this root cause of aging skin. Our deep penetrating formula stimulates protein cells and enzymes in the body's metabolic pathway to once again nourish the skin, resulting in increased lipid and collagen production, which fills in deep lines and wrinkles. This technologically advanced formulation is specially blended to stimulate your skin to regenerate itself, so you'll experience a softer, smoother, younger-looking complexion. When used as directed, you will notice a visible difference in your skin in just 4 to 6 weeks.

### APPLICATION:

For maximum benefits, Nouveau's Deep Wrinkle Therapy should be used twice a day (morning and night) on clean skin. Cleanse with Nouveau's Cell Preparation Cleansing Gel and pat skin dry. Then place a small amount of Deep Wrinkle Therapy on fingertips and gently massage into the skin on the forehead, around and under the eyes, and the along the smile lines.
