HEALTHIER. THICKER.

Nouveau's

## HAIR & SCALP THERAPY 1 FL.OZ. (29 ML)

### USE HAIR & SCALP THERAPY TO:

- Improve the overall health of hair
- Help establish a healthy environment for new hair growth
- Strengthen hair follicles
- Help prevent further hair loss
- Make hair more resistant to breaking and split-ends
- Increase the diameter of each hair strand
- Attain thicker, fuller, more luxurious hair

### CAUSES OF HAIR THINNING AND LOSS:

Most women have approximately 100,000 hair follicles on their heads and lose 50-75 hairs a day. In our youth, hair grows back on its own. But as our bodies age, many women experience excessive hair loss and the hair that grows back isn't as thick or healthy as in earlier years. This hair loss is caused by a number of life factors, such as age, heredity, health, diet and nutrition, and medications. Take control and stop future hair loss!

### HOW IT WORKS:

Hair & Scalp Therapy is proven to create a healthy environment for hair to grow by increasing oxygen flow to hair roots, waking dormant hair follicles and blocking the DHT hormone that is responsible for hair thinning and loss. Ingredients work to thicken and strengthen the hair shaft, which prevents breakage and split ends. Shea butter adds luster and sheen to hair.

### APPLICATION:

To increase hair volume and fullness, dispense a nickel-size amount of Hair & Scalp Therapy into the palm of your hand and massage it into the scalp after showering. Then dry and style hair as usual. For maximum benefits, Hair & Scalp Therapy can also be applied to the scalp every evening before bedtime to stimulate hair growth while you sleep.

*Ingredients: Water, Butylene Glycol, Caprylic/Capric Triglyceride, C12-15 Benzoate, Cyclomethicone, Cetearyl Alcohol & Polysorbate 60, Glyceryl Stearate SE, Shea butter, 5-Alpha Avocuta, Tetrahexyldecyl Ascorbate, Methyl Paraben, Propyl Paraben, Bergamot Oil, Methyl Nicotinate, Glycyrrhiza Glabra (Licorice) Extract*
